Ouija Boards Will Fill
Insane Asylums, Says
Director of Hospital

TRENTON, July 22.—In a report filed yesterday with Burdette G. Lewis, commissioner of institutions, Dr. Marcus L. Curry, medical director of the State Hospital for the Insane at Morris Plains, says the ouija board is a "dangerous" factor in unbalancing the mind.

The ouija board is especially serious, he said, because it is adopted mainly by persons of a "highly strung and neurotic tendency," who become the victims of actual illusions of sight, hearing, and touch at the seances. Dr. Curry continued:

"It would be difficult to imagine conditions more favorable for the development of psychosis than those furnished by the ouija board and other mediums."

Dr. Curry declared State hospitals were destined to receive a new influx of patients if popular taste did not soon swing to "more wholesome diversions."

and the Earl of Dalkeith, was also present.

An spectacular drill will be given at Camp Humphreys, Va., tomorrow afternoon at 3 o'clock, by the officers of the R. O. T. C. differs from any other in the country, for it is the only training camp for engineers. There are about 250 college men in it, representing every State in the Union. A tea dance will follow at which Mrs. Baker, wife of the Secretary of War, and Mrs. William Connor, wife of the commanding officer of the commanding officer of Camp Humphreys, will receive. Mrs. Jervy, wife of Brig. Gen. Henry Jervy, will take a party down as president of the engineer branch of the Army Relief Society, for which organization the entertainment will be given. It is expected that a great many Washington people will avail themselves of this opportunity to witness an unusual and interesting exhibition. Camp Humphreys is within an hour's ride of Washington on the road to Mt. Vernon on a fine concrete road built by the government during the war.

Isaac Gans, vice president; O. B. Drown, commissioner; A. J. May, treasurer; and James I. Lee made an inspection tour of the camp of the Boy Scouts.
